The State of New Hampshire

To the Inhabitants of the Town of Milton in the County of Strafford, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the twelfth day of March next, at nine-thirty of the clock in the forenoon to act on the following subjects:

1. To bring in your ballots for Town Officers.
2. To see if the Town will vote to raise and appropriate a sum of money not to exceed five thousand dollars (\$5,000.00) for repairing highways and bridges for the ensuing year.
3. To see if the Town will vote to raise and appropriate a sum of money not to exceed four thousand dollars (\$4,000.00) to pay for breaking roads and pass any other vote or votes relative thereto.
4. To see if the Town will vote to raise and appropriate a sum of money not to exceed six hundred dollars (\$600.00) for sidewalk construction and repair and pass any other vote or votes relative thereto.
5. By petition of Peter J. Lover and nine others: To see what sum of money the Town will vote to raise and appropriate to oil Church Street, so-called, and pass any other vote or votes relative thereto.
6. To see if the Town will vote to accept State Aid for construction of the Class II road known as Union to Farmington road and raise and appropriate or set aside for said purpose the sum of two thousand two hundred and twenty-three dollars (\$2,223.00); or will accept State Aid for the construction of Class V roads

and raise and appropriate or set aside for said purpose the sum of four hundred ninety-one dollars and thirty-nine cents (\$491.39).

7. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred dollars (\$500.00) to be expended on the highway leading from Milton Mills village to the Wakefield town line, known as the Berry Hill Road, and pass any other vote or votes relative thereto.

8. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred dollars (\$500.00) toward reconstruction and oiling Highland Avenue, so-called, in the village of Milton Mills and pass any other vote or votes relative thereto.

9. By petition of Agnes Goodwin and twelve others: To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) to be expended on the Nute Ridge-South Milton highway leading from the Farmington-Milton highway past the Nute Chapel to the State Highway at South Milton.

10. To see if the Town will vote to raise and appropriate a sum of money not to exceed three hundred dollars (\$300.00) to be expended on private roads leading from "New Bridge" road, so-called, to cottages.

11. To see what sum of money the Town will vote to raise and appropriate to pay Town charges and expenses and pass any other vote or votes relative thereto.

12. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred dollars (\$500.00) for the maintenance of hydrants in the Milton Fire Precinct.

13. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven hundred

and fifty dollars (\$750.00) for maintenance of the Fire Department for the ensuing year and pass any other vote or votes relative thereto.

14. To see what sum of money the Town will vote to pay the First and Second Engineers and Firemen in addition to the amount allowed by law; to see how much per hour the Town will vote to pay the Engineers and Firemen while fighting fires and pass any other vote or votes relative thereto.

15. By petition of W. H. Langley and ten others: To see if the Town will vote to raise and appropriate a sum of money not to exceed three hundred dollars (\$300.00) for the purpose of maintenance of the Fire Engine in the Milton Mills Fire District.

16. To see if the Town will vote to raise and appropriate a sum of money not to exceed two thousand four hundred dollars (\$2,400.00) for the maintenance of street lights for the ensuing year.

Report of Chief Engineer of Fire Department

To the Selectmen and Voters of the Town of Milton,
N. H.:

In rendering my report of the Fire Department for
the year ending January 31, 1940, are the following:

The department has responded to 22 chimney fires,
two wood fires, and three where buildings were involved.
Have answered one call from Lebanon, Maine, two from
Milton Mills, two calls to the town dump and one call
for assistance from Union.

The amount of property involved in fires is as fol-
lows:

Value of buildings,	\$1,250 00
Insurance on same,	2,400 00
Losses paid,	1,655 00
Value of contents,	1,600 00
Insurance on same,	1,600 00
Losses paid,	331 40

We have purchased this year a new battery, a set
of chains, and several other items which were neces-
sary.

I wish to thank the Selectmen and the citizens for
their splendid cooperation the past year.

Respectfully submitted,

CHAS. W. WILSON,
Chief.

Report of the Commissioners of Milton Fire District

During the past year the district has installed seven new service connections. These serve Henry Johnson, Peter Amoine, Burke's Block, Willard Davis, Avery & Roberts, Maynard Benton, and George Chase. The total cost of these services to the district was \$353.80. Work amounting to \$46.10 was done on the owners' property for which the district was reimbursed by the owners.

During the year \$1,500.00 of bonds were retired and \$400.00 was paid on the notes of the district. No additional borrowing was done. All current bills have been paid with the exception of the salaries of one commissioner and the treasurer. These bills are more than covered by outstanding water bills and will be paid as soon as collections permit.

The net debt of the district at the start of the year was \$35,346.89 and at the end of the year it was \$33,695.80 which is a reduction of \$1,651.09. The reduction in the debt of \$1,651.09 plus the addition of \$353.80 for the new services amounts to \$2,004.89.

The total amount of the water bills sent out during the year was \$28.18 greater than during the preceding year. There was a decided slump in collections after the closing of the shoe factory, but by the end of the year payments came in so that the amount of uncollected bills was less than the previous year by \$13.56. Only a few consumers are in arrears for more than the last quarter.

Respectfully submitted,

STANLEY C. TANNER,
F. B. McINTIRE,
S. G. BLAISDELL,

Commissioners.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Milton:

I have the honor to present my sixth annual report. Like those previously issued, the statistics are for the school year preceding, or 1938-1939. Statistical tables cost money to print so only such figures are given as are thought to be of interest to the general public. The attendance record was good. The present school year is being badly broken up, both at Milton Village and Milton Mills by whooping cough. Nute Ridge School reported the unusual record this fall of fifteen consecutive weeks of perfect attendance.

No changes have been made in the elementary teaching force since the last report. Miss Northway, our school nurse, was ill the latter part of 1938-1939 but is again on the job and working hard. Her report accompanies that of the superintendent.

No major repairs were necessary in 1938-1939 and a cement walk from the building to the street was laid at Milton Grammar School. At Nute Ridge a coal heater has been installed with the idea that in cold weather a fire kept going over night and week-ends would insure a warm building at nine o'clock in the morning. Experience elsewhere leads us to believe that this is no more expensive than to build a new fire each morning. Examination of the Milton Grammar School roof in the fall showed that a new roof was needed at once. Hall Brothers of Berwick, Maine, were the low bidders and have evidently renewed the roof in the proper manner. Next summer new shades or venetian blinds should be installed at this school.

The skating pond provided in the school yard by the Teneriffe Sports Club has been enjoyed. The continued cold has made it of use daily and the teachers report a reduction in recess problems of discipline because of its use. Next year it can be made even better.

We used again in January of last year the Metropolitan Achievement tests. As I write these words they are again being given. Teachers and superintendent find these of great help. Now that we have used them for several years we can check more accurately the progress from year to year of the individual child. The superintendent can also use them for comparison purposes. The use of the Standard Graduation tests will also be continued. As I have stated before, these tests will not determine the right of an eighth grade pupil to graduate, but will be used to check our judgment as to whether or not the pupil is qualified to do high school work.

I am pleased to say that the Trustees of the Nute High School acted favorably on the suggestion that shop courses and Home Economics be introduced. This

year the work in the so-called Trades and Industries has been the making of work benches and suitable rooms in the basement for carrying on both of the Arts courses. We invite the public to inspect the work being done. In spite of the handicap of poor working facilities, Miss Card and the pupils are doing good work, which has received the commendation of the State High School Inspector. Other schools may be working under more ideal conditions but I doubt if anything more practical is being done anywhere than is being done at Nute High School.

Miss Goodwin completed at summer school work to qualify her to teach shorthand, and the introduction of this subject has materially strengthened the Commerce Course. The teachers are to be commended for their fine professional spirit and willingness to attend summer sessions.

The school has lost an able adviser and loyal friend in the passing of Mr. Arthur Thad Smith. When some of us drop out our position is soon filled and we are not missed, but it will not be so in this case.

In conclusion I quote from Dr. E. W. Butterfield, formerly New Hampshire Commissioner of Education and now superintendent of schools in Bloomfield, Connecticut.

"The changes of the last thirty years make it certain that never again will there be with us any large amount of employment for boys and girls under the eighteenth year. We have passed from an agrarian to an industrial civilization. The children now in school are to live in a world of people and machines. They must be able to understand and to use machines with mastery. They must be able to live with people, to appreciate and to love them if possible, to endure them at any rate, for in an industrial civilization the life of

each individual must be modified each day to adjust itself to the lives of the scores, who share the same employment, public utilities, highways, and common activities. In our schools we are creating courses which will make good citizens, tolerant neighbors, interested readers, individual artisans, satisfied non-professional artists and home makers."

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.

REPORT OF THE HEADMASTER OF NUTE HIGH SCHOOL

*To the Superintendent of Schools and Members of the
Board of Trustees:*

I hereby submit my first annual report of the Nute High School which opened its forty-ninth year September 6, 1939, with an enrollment of 88 pupils. Transfers increased the enrollment to 90 but three withdrawals have reduced the membership to 87 pupils divided as follows: Post Graduates, 3; seniors, 14; juniors, 21; sophomores, 22; freshmen, 27. The membership at this date shows an increase of 19 pupils over last year.

The attendance record has been excellent, with an average of 96 per cent to date.

New equipment purchased this year includes the following: for Domestic Arts, three sewing machines and full equipment for the courses offered this year; for Practical Arts, one jig saw, one sander, one planer, one band saw, one bench saw and one drill press in addition to a complete set of hand tools and apparatus for the course offered this year; for the commercial courses, four typewriters. New text books were purchased for the following courses: The Home, Textiles and Clothing, Typewriting and Stenography, Latin I, French II and Building Construction.

There have been two changes in the teaching staff. One new teacher, Mrs. Pauline Card, has been added to teach Home Economics. Mr. Norman Collishaw, who teaches Practical Arts, replaced Mr. Austin Howard. Although two new curricula have been added, by alternating some subjects and transferring other subjects to various teachers, the enriched program can be carried on effectively by our staff of five teachers.

The following new subjects have been added to the program of studies: Textiles and Clothing, Foods and

Nutrition, Care and Management of the Home, The Family and Its Members, Building Construction, Cabinet Making, Practical Mechanics, Automotive Shop, Shop Electricity, Typewriting for the non-commercial pupils, Stenography, and Economic Problems. The complete approved program of studies for this year follows:

Offered for Grade XII:

- English IV
- U. S. Constitutional History
- Geometry
- Physics
- Economic Problems
- Office Practice and Typewriting
- The Home
- Building Construction
- Typewriting

Offered for Grade XI:

- English III
- French II
- Latin I
- Geometry
- Physics
- Economic Problems
- Typewriting and Stenography I
- The Home
- Building Construction
- Typewriting

Offered for Grade X:

- English II
- Latin I
- Biology
- Intermediate Algebra
- Commercial Geography
- Textiles and Clothing

Building Construction
Typewriting

Offered for Grade IX:

English II
History of Civilization
General Mathematics
Junior Business Training
Textiles and Clothing
Building Construction
Typewriting

It is my belief that the holding power of our school has been greatly improved as a result of the addition of these new subjects as is evidenced by the fact that out of the three withdrawals not one left school because we had no subjects which interested and which were within the ability of the individual pupil.

Athletics have been self-supporting and have furnished surplus enough to purchase additional equipment, such as scales, new uniforms for the girls' basketball team, a deck tennis set, a ping pong set, a badminton set, and so forth.

We are taking advantage of the help offered by the National Youth Administration to aid needy pupils in school. The seven pupils who are receiving aid are working on projects which have been considered educational and definitely worthwhile. One project which has received state recognition for its excellence is not only a benefit to our school but also to the community. I refer to the classifying, cataloging and card indexing according to the Dewey Decimal System the books and changing the charging system of the Nute High School Library.

The results of the State tests are gratifying, showing that we are above the state average in all tests.

By nearly a unanimous vote of the pupils and upon the recommendation of our superintendent and approval

of the trustees, the school day was lengthened fifteen minutes to allow for a daily thirty minute activities period. The following games, clubs and classes have been scheduled during the year: games, basketball, deck tennis, horseshoes, ping pong, badminton, and hockey; clubs, Glee Club, Orchestra, Home Economics, Typewriting, Outing, Dramatic, Camera, Rifle, and Stamp; classes, First Aid, Automobile Driving, Spelling, Arithmetic and Place Geography.

We in the school feel that the confidence and the financial assistance the town has voted to improve our school is paying dividends, particularly in the new courses. Our Building Construction course which consists mainly in remodeling the basement of the school is one of the few in the State that not only teaches the theory of but also has given the boys actual experience in doing the following practical work and study: electrical house-wiring, installing machinery, carpentry, masonry, painting, plumbing, budgeting and making estimates of costs, shop arithmetic, mechanical drawing, elementary physics and general repairs. A definite date for the opening of these rooms and a public exhibit of the class and home projects of the Home Economics classes will be made later in the spring. Nevertheless we cordially invite the public to see the results of their work and to visit us at any time.

It is possible to arrange our daily time table so that exploratory courses in Home Economics and Practical Arts could be offered twice a week to the boys and girls in the 8th and perhaps the 7th grades. We would like to see these courses in operation for them in the near future.

The numerous and timely suggestions of our Superintendent have been a decided benefit to the school and the staff. Thanks also is due Mr. Howard Swain, Supervisor of Trade and Industry, Miss Verna Payson, Supervisor of Home Economics, and Mr. Russell Leav-

itt, High School Agent—all of the N. H. State Department of Education—for their interest in us and for their constructive ideas to make our school successful.

The general feeling of friendliness and cooperation of the parents and people in our town and in the surrounding towns from which some of our pupils come is greatly appreciated. The teaching staff will do everything it possibly can to maintain this fine spirit.

Respectfully and sincerely submitted,

ROBERT R. ANDERSON,

Headmaster.

REPORT OF SCHOOL NURSE IN MILTON

1938-1939

To the School Board and Citizens of Milton:

The following report is for the school year, September, 1938, to June, 1939.

Number of children found with these defects:

Defective vision,	10
Defective hearing,	3
Defective teeth,	136
Abnormal tonsils,	34
Defective breathing,	7
Defective speech,	2
Deformity,	1

Number of children having defects corrected or treated since last report (year 1937-1938):

Vision,	9
Hearing,	3
Cardiac,	1
Teeth,	77
Tonsils,	10
Breathing,	3
Speech,	0
Deformity,	1

Cases of communicable diseases:

Mumps,	17
Skin infections,	10
Sore throats,	2

For the past three years your school nurse has been keeping records of all absentees, with the reason for being absent. Because of illness of your nurse, these were kept only until April 1st this year. In checking these records I find approximately one-third of these absences are due to colds, about another third

to infections and the other third to various illnesses, many of which are stomach upsets.

Concerning defects, I feel we have very good co-operation from the parents on the whole. As will be suspected, it is the same children each year, whose parents will not do anything in the way of corrective work, that help to keep our record of defects up.

Milk has been distributed daily from November 28th to the April vacation, averaging about 55 bottles daily. Our Woman's Club still continues to finance 25 bottles each day.

The Dental Clinic was most successfully carried on this year by the substitute nurse, Mrs. Elizabeth Maxfield, R. N. The attendance was increased by three.

Our number of communicable diseases has been small this year. Mumps invaded the Milton Mills school with a few cases at Nute High, but none at either Milton Grammar or Nute Ridge schools.

During the year, several meetings of the New Hampshire Graduate Nurses' Association were attended, besides other State meetings. Also a six-weeks' course in Public Health Nursing Education was taken at Simmons College, Boston, before the beginning of the school year. These meetings and courses help to keep your nurse informed and up to date on Public Health and School Nursing.

Again this year, I thank our superintendent, school board, teachers and parents for their hearty cooperation.

Respectfully submitted,

MARION NORTHWAY, R. N.,

School Nurse.

A. R. C. Public Health Nurse.
